

1. PRODUCT TYPE CODE:	64104–64115 with 64018–64024
2. PRODUCT DESIGNATION:	Fixed vertical ladders for shafts and other accessible structures.
3. INTENDED USE:	Entry and exit aids for shafts and other accessible structures.
4. MANUFACTURER:	MUNK GmbH Rudolf-Diesel-Straße 23 89312 Günzburg, Germany
5. IF APPLICABLE, NAME AND CONTACT ADDRESS OF AUTHORISED REPRESENTATIVE:	-----
6. SYSTEM:	System 4
7. NOTIFIED BODY:	-----
8. LIST OF KEY FEATURES:	Glass fibre composite material (GRP), clear width 400 mm. Wall anchor: 150–300 mm, 150 mm, 150–200 mm, 200–250 mm, 280–330 mm, 360–410 mm, stainless steel 1.4571.
9. DECLARED PERFORMANCE IN ACCORDANCE WITH:	DIN EN 14396:2004

PROPERTIES/KEY FEATURES	PERFORMANCE AND/OR CLASS	HARMONISED TECHNICAL SPECIFICATION
Design requirement (rung width, step depth etc.)	No performance declared. NPD (No Performance Determined)	DIN EN 14396:2004, para.: 4.3
Load-bearing capacity	No performance declared. NPD (No Performance Determined)	DIN EN 14396:2004, para.: 4.4
Durability	No performance declared. NPD (No Performance Determined)	DIN EN 14396:2004, para.: 4.2

10. The performance of the product as referred to under points 1 and 2 is equivalent to the performance declared in point 9.  
The manufacturer as referred to under point 4 is solely responsible for the preparation of this declaration of performance.  
Signed for and on behalf of the manufacturer:

Thomas Bichler  
Standards officer  
Dipl.-Ing (FH) Mechanical Engineering
