

Order no.: 050144

## Impact protection for mobile work platform

length

 600
  800
  1000

### Specification

Length 600 mm	Material Kunststoff	Product type Zubehör	Business division MUNK Günzburger Steigtechnik	Order no. 050144
------------------	------------------------	-------------------------	--	---------------------

### Facts

- Reliably protects components and materials
- Requires customer-assembly
- Ideal for demanding industrial and craft environments
- Suitable for mobile work platform

### Description

Impact protection for work platforms – robust protection for everyday use

A work platform is often in constant use – whether in the workshop, in industry or on the construction site. That's exactly why there is impact protection for mobile work platforms.

The impact protection profile is attached to the edges of the platform. The impact protection is robust, easy to retrofit and suitable for mobile work platforms.

## Scope of supply

- impact protection: 1 x

## Information on sustainability criteria

- Corporate certification: ISO 9001
- Corporate certification: ISO 14001
- Corporate certification: EN 1090
- Corporate certification: EcoVadis
- RoHS
- REACH
- The MUNK Group complies with a Code of Conduct
- The Supply Chain Act does not apply due to our size
- The materials used are listed in the technical specification
- Resource-saving production: own photovoltaic systems
- Energy-efficient consumption during production: LED lighting
- Repairability, durability and quality: 15-year warranty on series products made in Germany
- Recyclability: Our products are mostly made of aluminium, steel or wood and can be fed directly into the recycling process.
- Socially acceptable working conditions in production: fair wages, gender equality
- Economical and recyclable packaging: no use of polystyrene, predominantly use of wood and cardboard, small amounts of plastic
- No health hazards for the users
